History

Arturo's Mexican Restaurant has been a Poplar Grove staple for the last 17 years! In 2005 they started out across the street at 100 N. State Street as a small grocery store with a few tables, \$1,500, a cooler and a dream to succeed bringing their family recipes from Guadalajara, Mexico to the community.

In 2009 when Dooley's Bar went out of business at 107 W. Main Street they purchased the building to start the restaurant. Later, in 2014 they purchased the old fire station building to expand the restaurant.

Here's to many, many more successful years!
